

Pd-L2Ork Workshop: Your Laptop as a Collaborative Instrument

Jamming for Everyone

DATE: November 15, 2013

TIME: 2pm-5pm

PLACE: STAR Prep Academy; 10101 Jefferson Blvd; Culver City, CA

Register online at: www.eventbrite.com/event/8812515471/eorg

A workshop appropriate for ages 10 and up covering introduction to Pd-L2Ork interactive visual programming environment and its K12 education module. The workshop will cover:

- Introduction to Pure-Data environment
- Pd-L2Ork integration in the K12 curriculum
- Interfacing with external devices (wiimote, Arduino, Raspberry Pi)
- The design and development of a real-time instrument controllable via wiimote and other devices
- Introduction to music scoring strategies for laptops
- Collaborative music performance, including the laptop orchestra genre

PLEASE BRING YOUR OWN LAPTOP. If you also have (or can locate) a NINTENDO WIIMOTE CONTROLLER, please bring that as well for more fun. (WIIMOTE WITH ACCESSORIES MUST BE OLDER WIIMOTE VERSION WITH MOTION PLUS AS A SEPARATE ADD-ON).
